

Section 1: SUBSTANCE AND SUPPLIER DETAILS

Product Name: Active Rinse Aid Regular

Supplier: Quantum Pacific NZ Ltd
6A Te Apunga Place
Mt Wellington
Auckland 1060
New Zealand

Phone: +64 9 259 7040

Recommended Use: Auto Dishwashing

In Case of Emergency Contact:

CHEMCALL: 0800 CHEMCALL (243 622)

Section 2: HAZARDS IDENTIFICATION

This product is not classified as hazardous according to criteria in the EPA Hazardous Substances (Minimum Degrees of Hazards) Notice 2017.

HSNO APPROVAL NUMBER: **Not Applicable**

GHS Classification: None

HSNO Classification of Product: None

Hazard Statements: None

GHS Pictograms: None

PREVENTION STATEMENTS: NONE

RESPONSE STATEMENTS: NONE

STORAGE: No special storage requirements.

DISPOSAL: Refer to Section 13 of this SDS.

Additional comments:

While this product is not classified as hazardous, people have varying degrees of sensitivity to chemicals. Therefore, people who are extremely sensitive to chemicals may experience adverse effects and should take precautions such as avoiding contact with eyes, and avoiding prolonged skin contact.

Section 3: COMPOSITION / INFORMATION ON INGREDIENTS

Main Component	CAS Number	Concentration
Alcohol C9-11, ethoxylated Propoxylated	103818-93-5	5 - 15 %
Benzene Sulphonic Acid, Dimethyl, Sodium Salt	1300-72-7	1-10%
2-methylisothiazol-2(2H)-one	2682-20-4	0.01- < 0.1%
1,2-benzisothiazol-3 (2H)-one	2634-33-5	0.01 - < 0.1%
Aminotri (methylenephosphonic acid)	6419-19-8	0.01 – 0.05%

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment or meet the cut off criteria to be listed here.

Section 4: FIRST AID MEASURES

If medical advice is needed, have product container or label at hand

Workplace Facilities Required: Eye wash and safety shower facilities are required.

If Inhaled: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician

In Contact with Eye: Rinse cautiously with plenty of water for several minutes, remove contact lenses if present and easy to do, continue rinsing. Seek medical attention if irritation develops and persists.

In Contact with Skin: Wash exposed skin with plenty of water, while removing contaminated clothing and shoes. Wash contaminated clothing before re-use. Seek medical attention if skin irritation develops and persists.

If Swallowed: DO NOT INDUCE VOMITING. Rinse mouth. Give small quantities of water. Never give anything by mouth to an unconscious person. Seek immediate medical attention. If vomiting occurs, keep head below hips to prevent aspiration to lungs.

Advice to Doctor: Treat symptomatically.

Section 5: FIRE FIGHTING MEASURES

Fire/Explosion Hazard: Product is not flammable or combustible.

Suitable Extinguishing Media: Use foam, carbon dioxide, water fog or spray. Do not use water jet.

Precautions in Connection with Fire: May give off toxic fumes in a fire including carbon dioxide and carbon monoxide

Advice for firefighters: Wear full firefighting gear and self-contained breathing apparatus.

Section 6: ACCIDENTAL RELEASE MEASURES

An emergency response plan is not required under Part 5 of the Health and Safety at Work (Hazardous Substances) Regulations 2017

Precautions: Clear area of all unprotected personnel. Keep unnecessary and unprotected personnel from entering area. Ventilate area if possible. Avoid contact with skin and eyes. Avoid breathing mists/sprays.

Suitable Protective Equipment: Emergency responders must use personal protective equipment, including gloves, protective overalls and footwear, and safety goggles and respirator. Respiratory protection may be required where there is inadequate ventilation and a risk of mists/sprays being present.

Spill or Leak Procedures. Contain the spill and soak up with absorbent material. Scoop up material and place in a suitable, labelled disposal container. Rinse residues from area with water.

Waste Disposal Methods: Dispose of as per Section 13.

Emergency preparation: Ensure there is appropriate and adequate personal protective equipment, trained personnel and clean up materials for management of accidental release.

Section 7: HANDLING AND STORAGE

Precautions for Safe Handling: Avoid contact with skin and eyes and inhalation of vapour., mist or aerosols Do not eat drink or smoke when using this product. Remove contaminated clothing and wash hands and face before entering eating areas.

Storage: Keep out of reach of children. Keep container tightly closed in a cool, dry, well-ventilated place. Keep in original container or in an alternative container made from compatible material and correctly labelled.

Section 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

Workplace Exposure Standards NZ: No workplace exposure standards have been set for this product or the ingredients.

Engineering Controls: Eyewash facilities and safety showers should be provided in the work area where there is a risk of exposure to eyes and skin. If handling generates mists/sprays, use engineering controls such as local exhaust ventilation or process enclosures to ensure workers are not exposed to levels exceeding the exposure standards.

Personal Protective Equipment:	Avoid contact with the skin and eyes.
Hand protection:	Wear chemically resistant protective gloves. Refer to Australian and New Zealand Standard AS/NZS 2161 for protective gloves.
Skin and body protection:	Use protective clothing if handling large quantities. Remove any contaminated clothing to avoid prolonged contact with the skin. Wash work clothes regularly. Refer to Australian and New Zealand Standard AS/NZS 4501 for occupational protective clothing.
Eye protection:	Use safety glasses with side shields or safety goggles to protect eyes. Refer to AS/NZS 1336 for suitable eye and face protection.
Respiratory protection:	Required when a high level of mist/spray is generated. Refer to AS/NZS 1715 and AS/NZS 1716 for suitable respiratory protection. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.
Other information:	PPE selected must be impervious to the substance. Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle in accordance with safe industrial hygiene practices.

Section 9: PHYSICAL AND CHEMICAL PROPERTIES

Description:	Transparent Liquid	Colour:	Blue
Odour:	None	Odour Threshold:	Not applicable
pH (20°C):	6.5	Solubility (water, 20°C):	Very Soluble
Melting point:	Not determined	Boiling Point:	Not determined
Flammability:	Non-flammable	Flash Point:	Not applicable
UEL/LEL:	Not applicable	Vapour Pressure (20°C):	Not determined
Decomposition Temp:	Not determined	Autoignition Temp:	Not determined
Density (20°C):	1.0-1.02 g/cm ³	Bulk Density (20°C):	Not Applicable
Partition Coefficient: n-octanol/water	Not determined	Viscosity (20°C):	Not applicable

Section 10: STABILITY AND REACTIVITY

Stability:	Stable under normal storage conditions.
Reactivity:	No adverse reactions expected under normal conditions of storage and use.
Conditions to Avoid:	Avoid extreme heat, direct sunlight.
Incompatibility:	Keep away from strong oxidising agents.
Hazardous Decomposition:	No hazardous decomposition products expected.

Section 11: TOXICOLOGICAL INFORMATION

Acute Exposure

- Acute Toxicity:** LD50 oral/dermal > 5000mg/kg (Based on ingredient information).
- Inhalation:** Not expected to be a respiratory irritant under normal conditions of use.
- Ingestion:** Ingestion of large amounts may cause gastrointestinal distress, nausea and vomiting.
- Skin Contact:** Not expected to be a chemical skin irritant. May cause mechanical irritation.
- Eye Contact:** Not expected to be a chemical eye irritant. May cause mechanical irritation.
- Sensitiser:** Not expected to be a respiratory or contact sensitiser.

Chronic Exposure:

- Mutagen/Carcinogen/Reproductive Toxicant** Not expected to be a mutagen, carcinogen or reproductive/developmental toxicant.
- Specific Target Organ Systemic Toxicity:** Not expected to be harmful to specific target organs or systems.

Toxicity data is based on hazardous ingredient information.

Section 12: ECOLOGICAL INFORMATION

- Ecotoxicity:** Not harmful to the aquatic environment. Not expected to be harmful to terrestrial environment.
- Persistence/degradability:** Surfactant used in the product are biodegradable.
- Bioaccumulation:** No data on product.
- Mobility:** Product is soluble in water.
Ecotoxicity data is based on hazardous ingredient information.

Section 13: DISPOSAL CONSIDERATIONS

- Disposal:** Dispose of waste product and contaminated absorbent material via an approved waste disposal contractor.
- Disposal of Packaging:** Recycle packaging where possible. Dispose of packaging via an approved waste disposal contractor. Consumer quantities may be disposed of via household waste.

Section 14: TRANSPORT INFORMATION

This product is not classified as a Dangerous Good for transport in accordance with NZS5433:2012, IMDG or IATA.

Section 15: REGULATORY INFORMATION

Group Standard Allocation: Not Applicable

HSNO Approval Code: Not Applicable

GHS Classifications: Not Applicable

HSNO Classification: Not Applicable

This substance triggers:	Compliance Certificate	N/A
	Certified Handler	N/A
	Emergency Response Plan	N/A
	Secondary Containment	N/A
	Signage	N/A

This substance is not required to be Tracked. All workplace personnel handling this substance are required to be trained on the safe handling and PPE requirements for the hazards associated with this substance.

Section 16: OTHER INFORMATION

The information provided in this Safety Data Sheet relates only to the specific material designated herein. This Safety Data Sheet summarises our best knowledge of the health and safety hazard information of the product and how to safely handle the product in the workplace. Each user should read this SDS and consider the information in the context of how the product will be handled and used in the workplace including its use in conjunction with other products.

This substance is approved under HSNO for use as a cleaning product. All reasonable care has been taken to ensure that the information and advice contained herein are from sources believed to be reliable and to represent the most up-to-date knowledge available at the date given in Section 16. No liability is assumed for any damages related to the use or misuse of this substance.

All chemical materials may present unknown hazards as people have varying degrees of sensitivity to chemicals. Therefore, this product should be used with caution. The information herein is given in good faith, but no warranty, express or implied is made.

Issue date: August 2014

Revision 01 : February 17,2021

Revision 02: August 17, 2021

Reason for Revision: Internal review to comply with New Zealand regulatory requirements and change to GHS classification and Reviewed Formulation.
